National Champion

Pro Armor has built a reputation for producing the finest quality ATV accessories in the industry. From bumpers to nerf bars and everything in between, Pro Armor products are the best available, period.

We take great pride in providing our customers with a product that is second to none. Pro Armor products are completely hand assembled to maintain strict quality control standards. The materials used are the best available,

assuring you a finished product that will outlast all our competitor's products.

Pro Armor is very serious about protection which is why we test everything we make through our racing program. Racer feedback is a critical factor in every Pro Armor part.

Pro Armor offers a 30 day money back guarantee on every product we sell.

 **PRO ARMOR**

Bumpers

Dominator™ Front Bumper

- Unique and popular design make this bumper the coolest on the market!
- Uses strong 1" aluminum tubing which is ALL tig welded for extra strength and a very clean look.
- Easily mounts the optional Pro Armor number plate.
- Available in brushed aluminum or powder coated black.

Pro XC Bumper

Pro MX Bumper with optional number plate

Pro MX Bumper

Pro XC Bumper:

- All precision tig welded.
- Perfect for track or woods racing.
- Made from the toughest and most resilient aluminum available.
- Larger design offers much more frontal protection.

Pro MX Bumper:

- All precision tig welded.
- Easily mounts the optional Pro Armor number plate.
- Made from the toughest and most resilient aluminum available.
- Offers increased frontal protection.
- Available in brushed aluminum or black powder coated finish.

Dominator™ TRX450R

Pro XC Bumper Raptor 700

Pro MX Bumper Raptor 700

Racing "Bullhorn" YFZ450

MX Bumper

MX Bumper:

The MX bumper offers the ultimate in style and maximum protection for your ATV. Perfect bumper for racing or recreation.

MX Bumper LT-R450

Racing Bumper

- Extremely strong 1 1/2" heavy wall aluminum tubing assures near indestructibility.
- Racer tested and proven.
- All Pro Armor parts are 100% inspected for fit & quality.
- Available in brushed aluminum and black finish.

*All part numbers in **BOLD RED** are new this year.

POWERGRIP™ Systems

POWERGRIP™

Foot Pegs (Billet)

- Same as the steel PowerGRIP™ Pegs but the peg is made from billet aluminum.
- Fully CNC machined.
- Lighter weight.
- Four rows of gnarly steel teeth that ramp both forward and backward are guaranteed to keep your boot planted where you want it
- The ultra massive PowerGRIP™ design is longer, fatter and offers more surface area for both contact and grip.
- The advanced end risers create added bite on hard cornering
- Complete the total package with Pro Armor's nerf bars and new heel guards and you have the best in performance and protection.
- Foot pegs sold in pairs

POWERGRIP™

Complete System

- The ultimate in performance, protection and style
- Available in both brushed aluminum and powder coated black
- Features the most aggressive foot pegs on the market
- Foot pegs are completely interchangeable

POWERGRIP™

Foot Pegs (Steel) (Patent Pending)

- Four rows of gnarly steel teeth that ramp both forward and backward are guaranteed to keep your boot planted where you want it.
- The ultra massive PowerGRIP™ design is longer, fatter and offers more surface area for both contact and grip.
- The advanced end risers create added bite on hard cornering
- Complete the total package with Pro Armor's nerf bars and new heel guards and you have the best in performance and protection.
- Foot pegs sold in pairs

POWERGRIP™

Heel Guards (foot pegs sold separately)

- Made from high strength 1 1/4" aluminum tubing.
- Great styling
- Provides Maximum Coverage for safety
- Larger tubing and design makes it the best heel guard on the market
- Available in both brushed aluminum and powder coated black
- Unique design specific for each model

Nerf Bars

Sport Series Nerf Bars

Sport Series Nerf Bars:

- A more affordable solution when using original heel guards & foot pegs.
- Same bullet proof strength, quality & durability as our other nerf bars.
- 4,500 LBS test & UV coated webbing assures longevity & no sun fading.
- Unique and tough mounting system. **NO U BOLTS!!**
- 100% inspected for a 100% perfect fit every time!!
- Available in brushed aluminum or powder coated black.
- Complete the PowerGRIP™ System with this nerf bar.

Foot Peg Maximizer™

Foot Peg Maximizer™:

- Outer cage of Foot Peg Maximizer™ is designed to bolt to stock pegs.
- Increases strength and rider stability.
- Improves turning ability with added rider control.

Pro XC Nerf Bars

Pro XC Nerf Bars:

- Pro Armor's Heel Guard Nerf Bar offers an affordable solution for those who do not require race pegs.
- Built with the same quality and materials as our Fat Peg™ Nerf Bars
- Brushed aluminum finish gives your ATV the "Factory Works" look.

Fat Peg™ Nerf Bars (Patent Pending):

- Fat Peg™ design offers much more area for boot contact & grip. Much longer and fatter than stock. Fat Pegs have a kick up at the end for added boot bite going around hard corners.
- The all steel Fat Peg™ has heaps of narly teeth to keep your boot stuck to it.
- Fat Pegs are easily and economically replaceable.
- Ultra massive, tig welded, extra thick foot peg mounts assures the Fat Peg™ nerf bars are as secure as a tank.
- Available in brushed aluminum or black finish.
- Includes the new Fat Peg™ insert. (S061031-07)

Fat Peg™ Nerf Bars (Patent Pending) Suzuki LT-R450

Fat Peg™ Inserts (Patent Pending):

Make your Fat Pegs even more gnarly with an extra row of teeth designed to keep boots stuck. Made of durable powder coated steel, the Pro Armor Fat Peg™ Inserts are designed and engineered for top riders to give that extra edge. Fits into all existing Pro Armor Fat Peg™ Nerf Bars, upgrade your Fat Peg™ nerf bars today!

(Patent Pending)

Fat Pegs are a longer and wider foot peg than stock which greatly improves boot grip. Fat Pegs design also allows for easy maintenance and replacement if needed.

Frame Armor

Raptor 700
Frame Armor

Frame Armor:

The best way to protect your valuable ATV. High quality, lightweight aluminum Frame Armor will ward off rocks that could ruin your frame or easily crack the engine case. Access holes allow you to maintain your ATV without having to remove the Frame Armor.

Recessed bolt holes eliminate any bolt damage.

Suzuki LTZ 400
Swing Arm Armor

Swing Arm Armor
includes
Link Guard

Kawasaki KFX450
Swing Arm Armor

Yamaha YFZ450 / Raptor 700 A-Arm Armor

A-Arm Armor:

Protect your ATV's fragile undercarriage and suspension components from damage. If you ride in the desert or rocky terrain, A-Arm Armor is a must have item!

Raptor 700
Radiator Guard

Protect that delicate radiator with our beefy 1/8 inch, one piece aluminum radiator armor.

(888) 31-ARMOR
Web: www.proarmor.com

UTV / SXS

Rhino Armor: Overlapping frame armor protects nearly every inch of the Rhino's underside. No u-bolts necessary when installing our A-Arm Armor. For maximum strength, front and midarmor interlock as does engine and rear armor.

Rhino Bumper / Winch fairlead Mounting kit: The mounting kit for the winch is steel and has spacing for 3,000lb and 4,000lb WARN Winches (sold separately). Winch mounts directly to the Rhino front bumper.

Rhino Front Bumper: Our pre runner front bumper is the most functional and stylish on the market. Styled like the bumpers used on trophy trucks, our bumper features mounts for our winch plate (sold separately) as well as mounting tabs for optional sport and desert racing lights.

Available in both powder coated black finish or highly polished stainless steel for that truly custom look. See our variety of optional skid plates (shown) to give your Rhino a truly great look.

Armor

Polished Stainless Steel

Ranger Roll Cage Pads (complete set)

Safari Rack & Race Bumper

Aluminum Roof: Lightweight brushed aluminum roof with integrated front rain gutter and rubber vibration dampeners. This roof is designed to enhance the styling of your Rhino while protecting you from the elements.

Fabric Roof: UV and water repellent fabric roof, designed to install in minutes and stows away under the driver seat or in the glove box.

Bed Rails: Made of 1" diameter and .065 thickness steel tube for greater security and flexibility when hauling or securing loads.

Cargo net: Sized for your Rhino's bed, with quick and simple 4 corner adjustable tie down mechanisms, made from 1" nylon webbing.

Hood Rack Safari Style: Finally, a real rack for your Rhino, generously sized for even the largest loads. Requires under-hood rack support (sold separately) for installation.

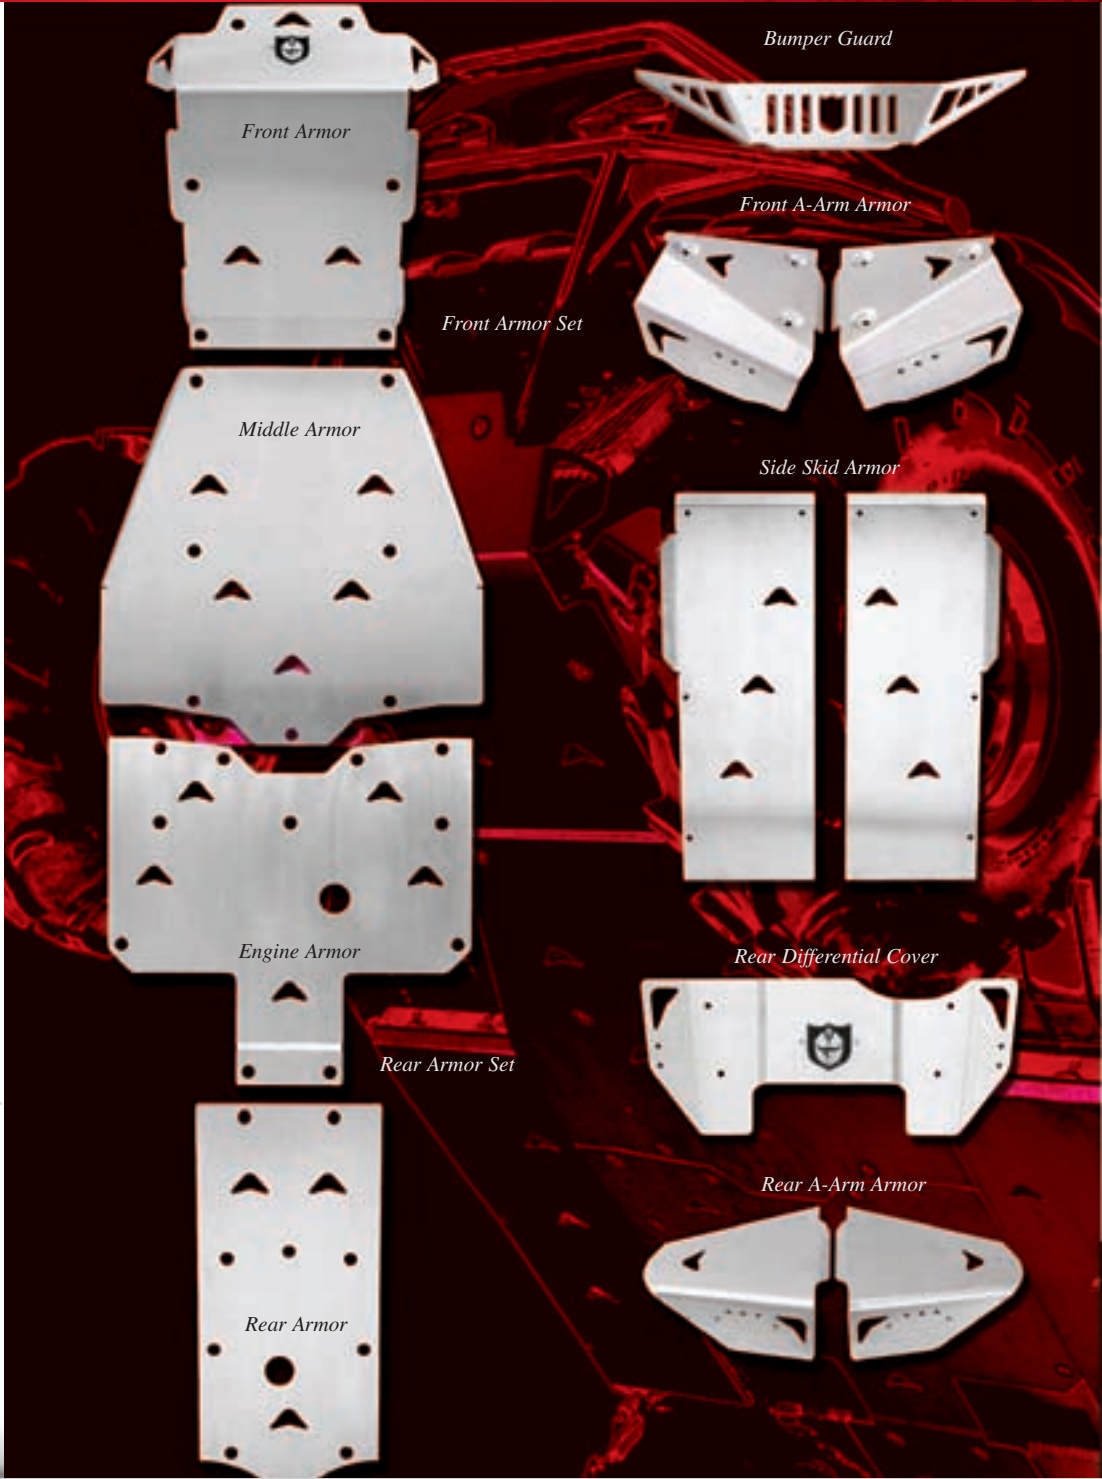

Under-hood Rack Supports: Designed to increase the rigidity of the hood. Provides under-carriage support for our hood racks (sold separately).

Soft Cargo Bed Cover: Crafted from extra durable polyester vinyl, UV protected and water repellent, allows you to secure cargo while giving quick access to the contents of your bed. Stows away in minutes under the driver's seat or in the glove box.

Rhino Roll Bar Pad Set: Crafted from a thick medium density foam pad wrapped in all weather, UV treated, water and dust resistant nylon. Features a heavy duty hook-and-loop closure for easy installation. Set includes two front, four rear center, two rear outer, and two roof pads for a total of ten pieces!

Side Frame Guards: Made from 1" diameter steel tubing, these Side Frame Guards are designed to look stylish while protecting your lower rear fenders. Available in both powder coated black finish or highly polished stainless steel for that truly custom look.

Pro Series™ Kill Switch

Pro Series™ Kill Switch

Our Kill Switch features an exclusive T-handle for easy operation even with gloves on. Universal design works with any ATV. Included adapter allows you to use this with both stock and race style handlebars. Use Kill Switch Install Kit (sold separately) for easy installation.

Kill Switch Wrist Strap

Kill Switch Install Kit

Assault Force Hand Guards

Install the Pro Armor Kill Switch to your quad in minutes with simple plug and play installation. No cutting or splicing of wires, this wiring kit takes all of the guess work out of installing a kill switch!

Icon Trailer Hitch Cover

Icon Trailer Hitch Cover

- Made from lightweight and durable aluminum
- Powdercoated black to resist scratching or chipping
- The popular Pro Armor shield is die cut from aluminum and embossed for a 3D raised look
- Comes with the pin and clip to secure the Icon hitch cover in the receiver.
- Also included is high density foam to eliminate that annoying rattle

Number Plate

Number Plate

ATV Billet

By far, the best looking, best performance billet available.

Billet Shifter

Billet Brake Lever

Billet Brake Reservoir Cover

Billet Universal E-Brake Blockoff

CNC machined from 6061-T6 Aluminum Alloy, these parts are among the lightest and strongest available. Each include hard anodizing, which makes an ultra hard surface that resists scratching. Also provides a color contrast when post machined which adds great styling. These parts will not only work better than stock, but will set your ATV apart from the crowd!

Introducing the new standard in exhausts - ProArmor Assault 4S

New from Pro Armor, the Assault 4S brings Pro Armor innovation and engineering to exhausts. The Assault 4S features a unique high grade aluminum/stainless steel construction, balancing durability and light weight. In addition to the sport screen type spark arrester, the pipe is compatible with Supertrapp exhaust tuning disks, giving greater tuneability. Lastly, all of the Assault 4S pipes feature larger than industry standard header tubing for better flow and a better sound. These features make the Assault 4S the premier pipe on the market and the perfect performance upgrade for your quad.

- Aluminum / Stainless Steel construction balances durability and weight.
- Comes with a removable screen type spark arrester.
- Completely user rebuildable.
- High Temp packing material.
- Threaded fasteners for easy repacking.
- 100% Stainless steel core for maximum durability.
- All pipes feature CNC brackets.
- All pipes feature oversized header tubing.
- Compatible with the Supertrapp disc baffles for ULTIMATE tunability.
- All exhausts for fuel injected quads have PowerCommander maps available from DynoJet.

PRO ARMOR WARRANTY POLICY: Pro Armor warrants to the original retail purchaser that the Pro Armor product is free from non-conformities in material and workmanship for a period of 90 days from the date of the original retail purchase. **LIMITS OF THE WARRANTY:** Pro Armor Products sole obligation under this warranty is to repair or replace the defective product, at Pro Armor Products option. **LIMITATIONS OF IMPLIED WARRANTIES:** The duration of any implied warranty or condition of merchantability, fitness for a particular purpose, or otherwise, on this product shall be limited to the duration of the express warranty set forth above. In no event shall Pro Armor be liable for any loss, inconvenience or damage, whether direct, incidental, consequential or otherwise resulting from breach of any express or implied warranty or condition, of merchantability, fitness for a particular purpose, or otherwise with respect to this product except as set forth herein. All aforementioned limitations of this implied warranty are subject to the laws of the state or country in which you reside. To obtain service under this warranty, please contact your local Pro Armor dealer or call Pro Armor Customer Service Department at 951-270-0559, or email: sales@proarmor.com **WARRANTY EXPLANATION:** This warranty in no way replaces or constitutes an extension of the complete ATV or vehicles manufacturer's warranty. Retailers and wholesale outlets for Pro Armor products are not authorized to modify this warranty in any way. It is the consumer's responsibility to regularly examine the product to determine the need for normal service or replacement. *This warranty does not cover the following:* 1. Pro Armor products which have been modified, neglected or poorly maintained, misused or abused or involved in accidents. 2. Damage occurring during shipment of the products (such claims must be presented directly to the carrier). 3. Damage to products resulting from improper assembly or repair of the ATV or vehicle. 4. Damage or deterioration to the surface finishes aesthetics or appearance of the product. 5. The labor required to remove, re-fit, or re-adjust the product. 6. Normal wear to the product, including using the armor through very rough terrain. **CATALOG DISCLAIMER:** Pro Armor reserves the right to change the information, names, images and logos displayed in this catalog without notice. Products shown may not be representative of the actual product.
