Proven every week by demanding professionals in NASCAR, IHRA, NHRA, ARCA, CORR and other performance enthusiasts.

New preload devices between the side gears provide for a quieter and smoother traction control.

The legendary Detroit Locker began the revolution in performance differentials, and yet it still leads the industry today. The Detroit Locker is still the most durable and dependable locking differential available.

The choice of Rock Crawlers, Mudboggers, Trail Blazers, Desert Racers, Off-Roaders everywhere including Pike's Peak, Baja 1000 and Paris to Dakar.

Detroit Locker maximizes traction by delivering 100% of the torque and power to both drive wheels. It is engineered to keep both wheels in a constant drive mode, and has the ability to automatically allow wheel speed differentiation when required.

No other performance differential has the reputation for durability of the Detroit Locker, delivering traction in mud, snow, dirt and over rocks and ruts.
